

Sat. June 15th.

Dear Mr. Fitzsimmons.

Today you are retiring, a man like you never steps a side or retires, as you will always be in the minds of men and women, I am not a heavy bettor but I enjoy racing especially meeting people, that are like you in my mind you are a very loved man whenever you were at the different tracks I would try to get a glimpse of you, to me you represent racing, a fine man trained good horses so I hope you will have a happy life in your retirement, keep interested in horses and I know all racing fans love me Fitz.
