Dear Mr. Fitzsimmons:

Recently came across your bout with
your appendix, and as usual, you are a winner..

I'm happy to know that your general
condition is such that the operation did not phase
you, which confirms my medical judgment of you.

How is the rest of the family...You
look quite good in the picture in the newspaper,
so keep up the good work and give my best to all
the family.

I remain,

Very truly yours,

Jacob Kaufman, M.D.
