Dear Mother.

I hope you will overlook this and also the delay in answering your last letter & acknowledging the receipt of \$10 for which I thank you. The exams have started and I have three more to take and all in a row on the 19-20 & 21. It is necessary that I work hard and I did have little time to do anything else. I know this is a lame excuse for not writing but I feel that you can appreciate the circumstances. This is being written between the acts. I expect to leave this Thursday coming. I hate the thought of staying in this hery even a day over so please mother send me some dough for carefare etc by return mail special delivery. Enclosed is a letter I got from Willie the same day yours came. Many of the surks and doubtful facts may eventually come to light.

In haste and with love

Edward.

Just paid out \$6 for two pairs of shoes being mended and thats one of the ways money goes. I need at least \$15 and if you think well of it I could use more to good advantage

as B-4
